INDEPENDENT AUDITORS' REPORT

Board of Servant Leaders
Mission Community Church, Inc.

We have audited the accompanying statement of financial position of Mission Community Church, Inc. (an Arizona corporation, not for profit) as of June 30, 2011, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Church's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Church's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mission Community Church, Inc. at June 30, 2011, and the changes in its net assets and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 - Description of Organization and Summary of Significant Accounting Policies

Description of Organization

Mission Community Church, Inc. (the "Church") was incorporated in October 1995 under the laws of the State of Arizona and is located in Gilbert, Arizona. The common objective of the Church is to serve the world, seeing unchurched people become fully devoted followers of Jesus Christ through Biblically functioning communities. Its mission based on Micah 6:8 is to "do justice, love mercy, and walk humbly." The Church is a member of Converge Southwest which is part of Converge Worldwide (Baptist General Conference) and contributed \$6,000 to these organizations during the year ended June 30, 2011.

The Church is exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code and comparable state law, and contributions to the Church are tax deductible with the limitations described by the Code. There was no unrelated business income for the year ended June 30, 2011.

Temporarily Restricted Amounts

The Church reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The Church reports gifts of land, buildings and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Church reports expirations of donor restriction when the donated or acquired long-lived assets are placed in service.

Property and Equipment

Property and equipment are carried at cost or, for donated assets, at the fair value at the date of donation. Maintenance and repairs are expensed as incurred; significant acquisitions and improvements with a cost of \$2,000 or greater and a useful life of more than one year are capitalized. Depreciation of buildings and equipment is computed using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	10 - 30 years
Land improvements	20 years
Furniture and equipment	3 - 10 years

NOTE 1 - Description of Organization and Summary of Significant Accounting Policies (continued)

Accounts Receivable

Accounts receivable are stated at the unpaid balances. There is no allowance for doubtful accounts at year end, because management considers all balances collectible.

Cash and Cash Equivalents

Cash and cash equivalents include all amounts deposited in bank accounts.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Donated Assets and Services

Donated assets are recorded at estimated fair value at the date of receipt.

A substantial number of unpaid volunteers have made significant contributions of their time to the Church. Generally accepted accounting principles require that contributed skilled services be valued and reflected on the financial statements. The Church's contributed skilled services are not significant in relation to total contributed services; accordingly, support arising from contributed services has not been recognized in the financial statements.

Cash Flow Statement - Supplemental Information

Cash paid for interest was \$931,620, none of which was capitalized. There was no cash paid for income taxes.

Functional Expenses

The costs of providing programs and other activities have been summarized on a functional basis in the accompanying statements of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. Directly identifiable expenses are charged to program services and supporting activities. Expenses related to more than one function are charged to program services and supporting activities on the basis of periodic time and expense studies. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Church.
